#### **Key Staff/Personnel**

##### **Bruce Whyte, Managing Director**

Buildall Holdings was established in 1989 by Bruce Whyte, a qualified builder with over 46 years in the Building Industry and over 21 years experience as a General Contractor. With good business values and a wide range of knowledge within this industry, Bruce together with his son Damien have been the people responsible for forming and developing Buildall Holdings.

##### **Damien Whyte, Field Manager/Team Leader**

Damien Whyte has worked in Buildall Holdings for over 20 years. He is a qualified builder, member of the Certified Builders Association and a Licensed Building Practitioner. His dedication, attitude and belief in quality workmanship as well as efficient execution of contracts, has played a major part in the company's established reputation today. Damien is a key to the development and future of Buildall Holdings.

##### **Tony Whyte, Task Manager**

A knowledgeable employee who has worked for Buildall periodically since its inception. Tony brings valuable industry experience from Australia.

##### **Keiron Johns, Task Manager/St Johns Qualified**

A long term employee with valuable skills and is St Johns Work Place First Aid qualified.

##### **Ricky Corden (Labourer)**

Experienced labourer with reliable and consistent work ethics.

## Resources

Buildall Holdings will provide dedicated labour, and will employ additional local casual staff should a contract requirement dictate.

We will provide all plant and materials required to effect prompt and efficient completion of contract commitments.

### Plant

- 2 x 5 Ton Tipper
- 2 x 2 Ton Tipper
- 2 x 3.5 Ton Rubber Track Diggers
- 1 x Bobcat
- 1 x Pedestrian Roller
- 2 x Plate Compactors
- 2 x Portable Generators

Plus other necessary plant to execute the specific contract to specification.

Buildall execute work to specification requirements in a safe, efficient and timely manner, emphasising quality and eliminating the necessity for re- pairs and rework.

The work will be well planned and executed in a manner likely to cause a minimum of inconvenience.

Buildall complies with all the current Health and Safety legislation.
